

GOOD MEN AND TRUE!

BRIEF BIOGRAPHICAL SKETCHES OF THE STATE TICKET.

Governor Richardson and His Cabinet—The Men Who Are to Rule South Carolina for the Next Two Years—All Worthy of the Honor Conferred on them.

John Peter Richardson was born in Clarendon County, S. C., in the year 1831. He is a son of Governor John P. Richardson, and a great-grandson of Gen. Richard Richardson, who was prominent in that section of country both before and during the Revolutionary war, and four of whose descendants have been Governors of South Carolina. Colonel Richardson was graduated from the South Carolina College in 1849, with distinction. He then engaged in planting in Clarendon County. He was chosen a member of the Legislature in 1856 and served until 1862, when he joined the army, serving upon the staff of Gen. Canby in the West until the war ended. Since the war he represented Clarendon County faithfully through all the dark and troublous days of Reconstruction. He was returned to the Legislature in 1878, and in 1880 was elected State treasurer. In 1882 Col. Richardson was again elected State treasurer, and in 1884 he was again honored by re-election to the same important position. His management of the financial department of the State Government has been able, and has given entire satisfaction to the people of the State and to the party which has so greatly honored him. Moreover, he is one of the most effective canvassers in the party—one who makes even statistics attractive.

THE LIEUTENANT GOVERNOR.

Senator William L. Mauldin is a native of Greenville County and the descendant of a sterling family of people, who were among the first settlers of the mountain country in which Greenville is situated. His education was received at Furman University, in which institution he was a student at the breaking out of the war. He entered the Confederate army at the early age of sixteen, and served in the bloody struggle until its close. Soon after the war he engaged in business as a druggist, in the city of Greenville, in copartnership with Dr. S. S. Marshall, now deceased. In business he has always been successful. In the great political struggle of 1876 he was a most active worker, and it was then that his political sagacity and worth as a public servant first came to light. In 1877 he was, by a very complimentary vote, elected mayor of the city of Greenville, having previously served two terms as a member of the city council. During his term as mayor he was called to the chairmanship of the Democracy of Greenville County, in which position his ability shaping its policy and management has been a conspicuous feature of his successful career. In 1882 Dr. Mauldin was elected to a seat in the House of Representatives, and during that term took a prominent part in the work of the Legislature. For the Senate he received the almost unanimous call of the Democracy of his county.

THE SECRETARY OF STATE.

William Z. Leitner, who has been nominated for Secretary of State, was born in Fairfield County, near Wainsboro', on the 23d of September, 1829. He entered the South Carolina College in 1847 and was graduated in the class of 1849. He was admitted to the Bar in 1853. He entered the service of the State with his company, the Camden Volunteers, on the 8th day of April, 1851; was present at the bombardment of Fort Sumter, and after the fall of the fort went immediately to Virginia. He was engaged in most of the battles fought by the army of Northern Virginia, and fell on the battlefield of Gettysburg with his right leg below the knee shattered by grape-shot. He was during and immediately after the war twice elected to the Legislature from Kershaw at the head of the ticket, and was elected District Judge, and held that position until the District Courts were overthrown by military orders. He was again selected by the people of Kershaw for the Legislature in the memorable campaign of 1876, but was defeated by an overwhelming negro majority. In 1884 he was elected to the State Senate from Kershaw County, in which body he has since continued to serve with eminent satisfaction to the public and to the good of the State.

THE COMPTROLLER GENERAL.

William E. Stoney was born in the City of Charleston in 1839. He was educated in the private schools of Charleston, and in 1856 entered the Fourth class of the South Carolina Military Academy at Columbia, and commanded Company B of the Cadet Corps in his first class year. He graduated in April, 1860. In December 1860, he went into the State service as lieutenant in the Moultrie Guards, 1st Rifle Regiment, and remained with this command until after the fall of Fort Sumter. Then, having been appointed a lieutenant in the regular Confederate army, he was ordered to Wilmington, N. C., as a drill master, soon after was sent to Richmond, Va., and attached for a time to the staff of Gen. W. S. Winder, then transferred to the staff of Gen. M. L. Bonham, in the field at Vienna. Upon the resignation of Gen. Bonham in November, 1861, he was transferred to South Carolina on general staff duty, and made adjutant general of the forces on James Island, then under command of Col. C. H. Stevens. In May, 1863, he was promoted to Captain. He was on Morris Island at the time of the attack, on the 10th of July, and remained in Wagner, on the staff of Gen. Taliaferro, until the assault of the 18th, in which he was severely wounded. He reported for duty in September, and was made inspector general of Hazood's brigade, just then organized. At the battle of Fort Walthall, near Petersburg, he was shot through the lung and incapacitated for service for a few months, but rejoined his command in time to participate in the Fort Fisher campaign in December, 1864, and remained with the brigade through the rest of its career until it was surrendered at Greensboro', on April 26, 1865, and disbanded at Lancaster Courthouse May, 1865. He then returned to Charleston and engaged in planting, but, disgusted with the

persecution of the Freedman's Bureau, went West 1868, and for three years was employed as an engineer in the States of Nevada, Missouri and in the Indian Territory. In the fall of 1871 he returned to South Carolina and again engaged in planting, but being offered a position in the office of his old commander, Gen. Hoggood, when the Democratic party came into power, he abandoned his planting interests and was thenceforth employed in the office of comptroller general, as the successor of Gen. John Bratton. He has filled the office with perfect satisfaction for the past four years, and will continue to be as faithful during the next two years as he has always been.

THE ATTORNEY GENERAL.

Col. Joseph H. Earle was born in Greenville County, S. C., April 30, 1847. He was educated at the Furman University, taught school for a few years in Clarendon County, and was, in 1868, appointed principal of the Chick Springs Academy, in Greenville County, where he remained for two years and discharged the responsible duties of that position with fidelity and ability. He was admitted to the Bar in 1870, and practiced law at Anderson Courthouse until 1875, at which time he removed to Sumter. He was the Democratic nominee for the House in 1878, but withdrew from the race a short time before the election. He was nominated again by the Democrats for the House, in 1878, and was elected. He served one term in the Legislature, and in 1882 was elected Senator, which position he has filled with ability and with fidelity to his constituents and to the State. Senator Earle was a delegate to the National Democratic Convention in 1880, and again in 1884, and was chosen to represent South Carolina in the committee which notified Cleveland of his nomination. Senator Earle is a lawyer of ability, a hard student, and enjoys a lucrative practice.

THE STATE TREASURER.

Capt. Isaac S. Bamberg, who has just received the nomination of the State Democratic Convention for treasurer, is a native of Barnwell County. He is what is commonly called "a self-made man," having accumulated through his energy and skillful business management a considerable property. He is an eminently practical man, having devoted his whole life to business affairs. He is respected by all who know him and in his native county his popularity is very great. He is in no sense a politician, but in 1876, when the county needed the services of her bravest and most trustworthy citizens, he was called upon to represent Barnwell in the historic "Wallace House." He was a member of the bond commission that saved the State such large amounts of unjust indebtedness thrust upon her by Radical Legislatures. His careful investigation and judicious work on that commission are the causes of his nomination. When the State had permanently passed into Democratic hands, he retired from politics and devoted himself again to the management of his private business enterprises.

THE ADJUTANT GENERAL.

Gen. A. M. Manigault was born in the City of Charleston in 1824, and is consequently 60 years of age. After being prepared for college he entered into commercial business in this city, and continued in that pursuit until the commencement of the Mexican war in 1846, when he joined a volunteer company and was elected its first lieutenant. In the latter part of that year he went to Mexico and was engaged in all the battles in which the Palmetto Regiment took part during the war. Although he was severely bruised and injured on several occasions, he was never severely wounded, and during the whole period of his service there he was never sick a day and never lost a day's service. On his return from Mexico in 1848 he went into business as a commission merchant in Charleston and remained so employed until 1856, when he inherited some property from his parents in Georgetown County. From that time he followed the pursuit of a rice planter until the late war between the States. At the beginning of this war he raised a volunteer cavalry company, which he commanded. He was soon after transferred and placed upon the staff of Gen. Beauregard as inspector general, until the raising of the first ten regiments of the State volunteer troops for the war. He was then elected colonel of the 10th regiment. The first six months of the war he commanded the first military district of South Carolina under Gen. Lee, Pemberton and Ripley. Early in 1862 Col. Manigault was ordered with his command to the army of the West, then under the command of Beauregard and Bragg. His services were continuous in the Western army until the close of the war. He was twice wounded, the last being a very serious wound, from which he did not entirely recover for a year after he received it. During the late war, as in the Mexican war, he never lost a day's duty from sickness, and only received a single furlough of twenty days, which was granted him during the war. At the close of the war he found his fortune pretty well ruined, and his plantation, houses and everything destroyed by the enemy and negroes. He lost everything that he possessed in the shape of silver, library, pictures, &c. He went to work again as a rice planter, which occupation he has continued to follow with varying success up to the time of his election to the office of adjutant and inspector general in 1880. In 1882 he was re-elected to the office of adjutant general and has again been nominated for the same position. His administration of the office has been distinguished by great industry and perfect familiarity with all the necessities of the military arm of the State Government. During the past two years Gen. Manigault has been engaged in preparing a complete roster of all the Confederate troops from this State in the late war. This is a great work and has made considerable progress. When it is finished it will be an enduring monument to the great care and the admirable administrative abilities of Gen. Manigault, who is serving his State as faithfully and as zealously in peace as he did in war.

THE SUPERINTENDENT OF EDUCATION.

Col. James H. Rice, of Abbeville County, who has been nominated for State superintendent of education, will make in every way a worthy successor of Governor Thompson and Col. Coward in the important work of directing the educational affairs of the State. Col. Rice is a lawyer, and has pursued his profession with gratifying success at Ninety-Six, S. C., for some years. He was elected to the Legislature from Abbeville County in 1882, and served his constituents with fidelity. He is an accomplished scholar, a fine executive officer, an eloquent speaker, and will discharge the duties of his new office with entire satisfaction to the people and with advantage to the public school system of the State.

Assisting Nature a Little Bit.

When the resources of Nature have become retarded, no matter from what cause, it is then quite time to help the Liver and Spleen, and other organs, to perform their thorough duty—or we shall soon be quite ill. In such cases there is no more natural remedy than a mild cathartic, one which will be sure to perform its duty without injuring the system in the least. Such, let us say in all candor, is Simmons' Hepatic Compound. It will gently move the bowels, without irritating them in the least; when the medicine works, the bowels are soothed and healed like a charm—yet the medicine is more effective than Calomel; one of the principal ingredients possess all the good qualities of that poisonous drug, without any of its constituents. A dose of Simmons' Hepatic Compound every night on going to bed, will infallibly restore health. Testimony of the highest consideration from every portion of the country, and from all classes of people, abundantly substantiate this fact. The importance of this treatment cannot be over-estimated, and it should be tried by all means.

Dr. J. G. Wannamaker, Wholesale Agent for Orangeburg County.

Cure for Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture-like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address Dr. Bosanko Medicine Co., Piqua, O. Sold by Dr. J. G. Wannamaker.

Wonderful Cures.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by Dr. J. G. Wannamaker.

Active, Pushing and Reliable.

Dr. J. G. Wannamaker can always be relied upon to carry in stock the purest and best goods, and sustain the reputation of being active, pushing and reliable, by recommending articles with well established merit and such as are popular. Having the agency for the celebrated Dr. King's New Discovery for consumption, colds and coughs, will sell it on a positive guarantee. It will surely cure any and every affection of throat, lungs, or chest, and in order to prove our claim, we ask you to call and get a Trial Bottle Free.

Bucklen's Arnica Salve.

The Best Salve in the World for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Dr. J. G. Wannamaker.

Cure for Sick Headache.

For proof that Dr. Gunn's Liver Pills cures Sick Headache, ask your Druggist for a free trial package. Only one for a dose. Regular size boxes, 25 cents. Sold by Dr. J. G. Wannamaker.

Mother, remember that no medicine

cures; it simply assists nature in relieving itself of an unnatural condition of the system. Worms disarrange—Shirner's Indian Vermifuge kills and drives them from the system, thus removing the cause of disease.

Estate Notice.

ALL PERSONS HAVING CLAIMS Against the Estate of JAMES D. RHOADS, deceased, will present the same properly attested, and those indebted to said Estate will make payment to Izlar & Glaze, attorneys, or to

ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

RELIEF!

FORTY YEARS A SUFFERER FROM CATARRH, WONDERFUL TO RELATE!

"FOR FORTY YEARS I have been a victim to CATARRH—three-fourths of the time a sufferer from EXCRUCIATING PAINS ACROSS MY FOREHEAD AND MY NOSTRILS. The discharges were so offensive that I hesitate to mention it, except for the good it may do some other sufferer. I have spent a young fortune from my earnings during my forty years of suffering to obtain relief from the doctors. I have tried patent medicines—every one I could learn of—from the four corners of the earth, with no relief. And AT LAST (57 years of age) have met with a remedy that has cured me entirely—made me a new man. I weighed 128 pounds and now weigh 146. I used thirteen bottles of the medicine, and the only regret I have is that being in the humble walks of life I may not have influence to prevail on all catarrh sufferers to use what has cured me.

Guinn's Pioneer Blood Renewer.

"HENRY CHEVES, 'No. 267 Second St., Macon, Ga.' 'Mr. Henry Cheves, the writer of the above formerly of Crawford county, now of Macon, Georgia, merits the confidence of those interested in catarrh.' W. A. HUFF, Ex-Mayor of Macon.

A SUBERB FLESH PRODUCER AND TONIC!

Guinn's Pioneer Blood Renewer.

Cures all Blood and Skin Diseases, Rheumatism, Scrofula, Old Sores. A perfect Spring Medicine.

If not in your market it will be forwarded on receipt of price. Small bottles \$1.00 large \$1.75.

Essay on Blood and Skin Diseases mailed free.

MACON MEDICINE COMPANY, Macon, Ga.

BLOOD AND MONEY.

The blood of man has much to do in shaping his actions during his pilgrimage through this troublesome world, regardless of the amount of present or expected money in pocket or stored away in bank. It is a conceded fact that we appear as our blood makes us, and the purer the blood, the happier, healthier, prettier and wiser we are; hence the oft-repeated interrogatory, "How is your blood?" With pure streams of life-giving fluid coursing through our veins, bounding through our hearts and ploughing through our physical frames our morals become better, our constitution stronger, our intellectual faculties more acute and grander, and men, women and children happier, healthier and more lovely.

The unprecedented demand, the unparalleled curative powers, and the unmistakable proof from those of unimpeachable character and integrity, point with an unerring finger to B. B. B.—Botanic Blood Balm—as far the best, the cheapest, the quickest and the grandest and most powerful blood remedy ever before known to mortal man, in the relief and positive cure of Scrofula, Rheumatism, Skin diseases, all taints of blood poison, Kidney complaints, old ulcers and sores, cancers, catarrh, etc.

B. B. B. is only about three years old—a baby in age, a giant in power—but no remedy in America can make or ever has made such a wonderful showing in its magical powers in curing and entirely eradicating the above complaints, and gigantic sales in the face of frenzied opposition and would-be moneyed monopolists.

Letters from all points where introduced are pouring in upon us, speaking in its loudest praise. Some say they receive more benefit from one bottle of B. B. B. than they have from twenty, thirty and fifty and even one hundred bottles of a boasted decoction of inert and non-medicinal roots and branches of common forest trees. We hold the proof in black and white, and we also hold the fort.

All who desire full information about the cause and cure of Blood Poisons, Scrofula and Scrofulous Swellings, Ulcers, Sores, Rheumatism, Kidney Complaints, Catarrh, etc., can secure by mail, free, a copy of our 32-page Illustrated Book of Wonders, filled with the most wonderful and startling proof ever before known. Address: BLOOD BALM CO., Atlanta, Ga.

Aug. 1-1mo

A Healthy Growth.

THE SUCCESSFUL CAREER OF the Mutual Reserve Fund Life Association is marvellous in the annals of life insurance enterprise. Its name has become a tower of strength, and has been well earned by the untiring devotion of President Harper and his associates. Its astonishing prosperity has provoked attacks which are best repelled by a frank and full exhibit of its greatly increasing line of business. Up to July 1, 1885, this shows a gain of no less than \$13,214,580 over that of the corresponding period last year. In June alone its mortality receipts exceeded \$250,000, of which over \$60,000 went into the Reserve Fund—that triple buttress upon which the association justly prides itself. This reserve now amounts to \$425,000, and is employed for three purposes only—to pay death claims, if any should occur in excess of the American Experience Mortality Tables; to make good any possible deficiency in the Death Fund Account, and to be apportioned among those who have been members of the Association fifteen years, etc. As the first and second contingencies named are not likely to arise, the third object is the one upon which the fund is practically expended. It is full of other good points, among which may be mentioned the economical salary list—less than \$50,000 for carrying on the whole work of the vast institution—and payments to widows and orphans at the rate of over \$2,000 cash each year. From the old and conservative New York Daily Journal of Commerce, July 10, 1885.

With the Annual Report of the above Company is attached a large number of Death claims paid from February 1882 to February 1st 1886, representing all parts of the Union, amounting to \$1,653,200.00 from, this list we take claims in South Carolina which have been paid:

Valentine K. Jordan, West Waterce, \$5,000.

John S. Small, Graham's, \$1,250.

Henry L. Krause, Port Royal, \$1,250.

J. E. Todd, Due West \$2,500.

Wm. H. Whilden, Jacksonboro', \$5,000.

E. Parker, Abbeville, \$5,000.

A. S. Barnes, Walterboro', \$2,500.

Em'l Nehenias, Beaufort, \$1,500.

J. S. ALBERGOTTI, Agent.

Feb. 25-Gms.

Notice.

OFFICE OF SCHOOL COMMISSIONER, ORANGEBURG COUNTY.

TEACHERS OF ORANGEBURG COUNTY:

ALL ARRANGEMENTS HAVE been made for the County Teachers' Institute for whites. It will commence at 11 o'clock A. M. on Monday, August 30th, at Mellichamp's School House, in the city of Orangeburg, and continue in session during the week. Prof. Wm. S. Morrison, of the Spartanburg Graded School, Prof. R. Means Davis, of the South Carolina College, and Miss Fannie C. McCants of the Columbia Graded School, have been engaged to conduct it. These teachers have had considerable experience in Institute work, and are thoroughly conversant with all the new methods and improvements in the art of teaching. In fact, they are too well known to require any introduction or words of commendation.

Besides the regular routine of the Institute in the morning, Superintendent Coward, Prof. Joyner, of the South Carolina College, Dr. Carlisle, of Wofford, and others have been invited to deliver lectures in the evening, and it is hoped that all, or at least some, of them will be present. The tuition and lectures will be free, and the only expense will be board for teachers from a distance which has been arranged for at the reduced rate of seventy-five (75) cents per day.

This is a rare opportunity which the teachers of Orangeburg County should make every sacrifice to embrace. Teaching is a profession in which teachers should take a pride and utilize every available means for improvement. The few dollars spent at this Institute will pay back many fold in actual information, enlarged conceptions, and new ideas of school management and teaching.

Certificates of attendance will be given to all who attend which should certainly have due weight with Trustees employing teachers.

Teachers, come to the Institute for your own good, and come also for your pride in Orangeburg County. Let it not be said that the teachers of Orangeburg County take no interest in their profession; but let it be made manifest by your presence that you recognize the importance of education, and that you are fully alive to your duties and responsibilities. Respectfully,

STILES R. MELLICHAMP, School Commissioner Orangeburg County, Orangeburg, S. C., August 5th, 1886.

For Sale.

350 ACRES GOOD FARMING land located in Lyons Township, Orangeburg County, seven miles from the town of St. Matthews.

One hundred and seventy-five acres cultivated, remainder well timbered. A good stream of water running the entire length of tract, with water power and machinery for ginning and grinding.
